

Adesewa Adetoro

Full-Stack Developer | Product Designer

✉ boluwatifetemileyi@gmail.com 📞 +2347016041148 🏠 Lagos, Nigeria

PROFESSIONAL SUMMARY

I'm a Full Stack Developer and Product Designer. I'm passionate about creating user-centered products that solve real-world problems. My background in both development and design allows me to bring a unique perspective to every project.

- ❖ Excellent communication and interpersonal skills, with a track record of building strong relationships with both clients and colleagues.
- ❖ Highly skilled full stack developer with expertise in front-end and back-end technologies, proficient in languages such as JavaScript, Python and framework like React, Tailwind CSS.
- ❖ Strong problem-solving abilities and a track record of successfully troubleshooting and resolving technical issues, resulting in increased productivity and efficiency for both staff and clients.
- ❖ Proactive approach to network security, adept at identifying and addressing potential vulnerabilities, and implementing robust security measures to safeguard sensitive data.
- ❖ Experienced in developing and implementing comprehensive backup and recovery plans, ensuring minimal downtime and data loss in the event of system failures.
- ❖ Proficient in deploying and supporting CRM systems, providing training and ongoing support to users, enabling smooth operations and enhanced customer relationship management.
- ❖ Demonstrated ability to work well under pressure and maintain a positive attitude in challenging situations.
- ❖ I aim to contribute my technical expertise and problem-solving abilities in a challenging role. My objective is to leverage my strong knowledge of front-end and back-end technologies to develop innovative solutions that meet client requirements. I am committed to staying updated with the latest industry trends and technologies to deliver cutting-edge applications. By collaborating with cross-functional teams, I strive to deliver high-quality products while ensuring optimal performance, security, and user experience.

EXPERIENCE

EDUGIST. Jan 2023 – Till Date

Department: Product Team

Position: Web Designer

Job Description:

- ❖ Design visually stunning and user-friendly websites that align with brand guidelines and target audience preferences.
- ❖ Collaborate with cross-functional teams, including developers to gather requirements and translate them into captivating website designs.
- ❖ Create wireframes, prototypes, and mockups to visualize design concepts and facilitate effective communication with stakeholders.
- ❖ Develop responsive web designs that provide a seamless user experience across various devices

and screen sizes.

- ❖ Conduct usability testing and gather feedback to continually improve website designs and user experiences
- ❖ Collaborate with the development team to ensure the accurate implementation of design elements and functionalities.
- ❖ Adhere to project timelines and deliver high-quality work within established deadlines.

NTISA LIMITED. December 2021 – October 2022 [NYSC]

Department: Ntisa Retail

Position: Customer Technical Support

Job Description:

- ❖ Serve as the first point of contact for customer inquiries, providing prompt and professional responses via various channels such as phone, email and live chat.
- ❖ Actively listen to customer's concerns, understand their needs, and provide appropriate solutions or guidance to address their inquiries or issues.
- ❖ Maintain accurate and detailed records of customer interactions, including inquiries, comments, and resolutions, in our customer support system.
- ❖ Collaborate closely with internal teams, including Sales, Product and Technical Support, to escalate and resolve complex customer issues in a timely manner.
- ❖ Continuously expand knowledge of our products, services, and industry trends to effectively address customer inquiries and provide accurate information.
- ❖ Strive to exceed customer expectations and contribute to a positive and supportive team environment.
